RE: Material Safety Data Sheet

To Whom It May Concern:

As you may know, the Occupational Safety and Health Administration requires manufacturers and importers to obtain or develop an MSDS for each hazardous chemical or product containing a hazardous chemical that they import or produce.

OSHA's requirement does not, however, apply to articles which, 1) are formed to a specific shape or design during manufacture, 2) has end use function(s) dependent in whole or in part upon its shape or design during end use, and 3) which under normal conditions of use does not release more than very small quantities of a hazardous chemical and does not pose a physical hazard or health risk to employees.

Because the product for which you requested an MSDS meets the criteria to be considered an article, no MSDS is being maintained. For answers to specific questions regarding usage, performance, or material composition, please contact your sales representative at 1-800-GLOVES-0 (456-8370).

Thank you for your continued support and patronage.

Sincerely,

Michael A Prather

AMBITEX® Latex Powder Free Gloves

COMPOSITION

Material	Natural rubber latex (NRL)
Allergen content	As per ASTM D3578
Powdered	No, as per ASTM D6124

PHYSICAL PROPERTIES

	Before Aging	After Aging
Tensile Strength (MPa)	Min. 14	Min. 14
Ultimate Elongation (%)	Min. 650	Min. 500
Freedom from holes	AQL 2.5	N/A

DIMENSIONS

Size	Palm Width (mm)	Length (mm)
Small	80 ± 10	Min. 230
Medium	95 ± 10	Min. 230
Large	110 ± 10	Min. 230
Extra Large	120 ± 10	Min. 230

QUALITY

Quality Control	ASTM D7329
Quality Assurance	ISO:9001, GMP, HACCP
Regulatory Compliance	FFDCA approved

THICKNESS

	Thickness (mm) ¹
Palm	0.08 ± 0.01
Cuff	0.08 ± 0.01

¹1 mm = 39.3700787 mils

*Latex Multipurpose Powder
